WORK EXPERIENCE

insightMobi Solutions Private limited, Bangalore India   **Nov 2021 - Present**

insightMobi is a dynamic and innovative web development company dedicated to providing cutting-edge solutions to its clients. With a focus on delivering high-quality and robust web applications, Webskitter is committed to staying at the forefront of technological advancements

PROJECTS

Online Teaching Platform – Next_JS(Frontend), Node_Js

- An online teaching platform where teachers create the online room and students can join for study purposes.
- Implemented a background change functionality for users in video calls using JavaScript to automate the entire development lifecycle.

Multi Consultancy Services – React_JS(Frontend), Node_Js

- Developed user-friendly platform, enabling smooth interactions with experts across various fields like medicine, law, education, brokers etc... for seamless consultants.
- Implemented **Agora** video call technology to provide users with real-time, high-quality video consultation experiences directly within the platform.

E - commerce Platform – React_JS(Frontend), Noje_JS

- Designed and developed an end-to-end e-commerce web app.
- They managed the day-to-day operations of the e-commerce platform, ensuring accurate product listings, competitive pricing, and effective promotions, resulting in a 20% increase in average order value.

LeadLink Pro – React_JS(Frontend), Noje_JS

- Users can access enhanced features through this web App. It has an attendance feature that lets dealers check in and out, and they may log in and out with ease.
- Additionally, users may check their current position, visualize routes, and have visit markers automatically shown based on user activity thanks to the app's integration with the **Google Maps API**.

EDUCATION

Batcher of Technology in Mechanical Engineering   **Aug 2015 - June 2019**

Government College of Engineering, Keonjhar

- Certification in Mineral Engineering with 6.84 CGPA.
- Made college website using wixstudio.
